Legal Requirements

Everyone has the right to be treated with dignity and respect.

The Equality Act 2010 prohibits direct and indirect discrimination, harassment and victimisation of people on the grounds of protected characteristics - disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation and age.

The Equality Act 2010 also requires public bodies such as schools to have due regard to the need to:

- Eliminate unlawful discrimination
- Advance equality of opportunity
- Foster good relations between people from different equality groups

This is called the public sector Equality Duty and its purpose is to promote equality for all.

The Government has issued guidance which sets out that having due regard means consciously thinking about the three aims of the public sector Equality Duty as part of the process of decision-making. This means that considering equality issues must influence the decisions reached by schools- such as in how we act as employers; how we develop, evaluate and review our policies; how we design, deliver and evaluate what we offer and how we commission and procure services from others.

Schools also have a responsibility to:

- Publish equality objectives every four years;
- Publish information annually to demonstrate their compliance with the general Equality Duty
- Publish information relating to their employees and others affected by their policies and practices
- Public bodies with fewer than 150 employees are not required to publish information on the effect of their policies and practices on their workforce.

A school's published information includes:

- Information on the effect that their policies and practices have had on employees, service users and others from the protected groups;
- Evidence of the analysis undertaken to establish whether their policies and practices will (or have) furthered the three equality aims in the general equality duty;
- Details of the information used in that analysis, and
- Details of engagement with people with an interest in the aims of the duty.

This information must be published in a way that is accessible to the public

Introduction

Our Equality Objectives reflect all stakeholders and ownership of the Governors, senior leaders, all staff, the school community and learners.

This document helps us to focus on the outcomes that matter to the people who use our school and its services and our local community; and to ensure that our services are accessible and delivered effectively.

We want to demonstrate what we have done and what we plan to do to improve opportunities and outcomes for pupils, staff, parents and other users of the school. Our success in meeting our objectives will be monitored and delivered through the governing body meetings, the school strategic planning and our self-evaluation processes.

Our Vision and Aims for Equality and Diversity

Roots and Wings At Goldfield every child matters.

There are two gifts that we can give our children,
one is roots,
the other is wings...

Our aim is to provide a caring environment where each child is able:

- To feel happy and secure; growing in self-belief and respect for each other
- To develop a love of learning and reach their true potential
- To learn in a caring, safe and inspiring environment where the children are at the centre of the curriculum
- To participate in learning that is rich, creative and challenging, reflecting high expectations
- To become a valued member of a nurturing school committed to the wellbeing of its community

....ultimately to help our children develop as confident, resilient and considerate members of society - enabling them to 'fly'

Goldfield has a strong commitment to:

- Tackling discrimination on the grounds of race, disability, gender/gender identity, sexual orientation, religious belief and age
- Positively advancing equality.
- Creating good relationships in the school between all groups by race, gender/gender identity, disability, sexual orientation, religious belief and age.
- Promoting equality of opportunity for all.

We will ensure that every pupil irrespective of race, disability, gender, religion and belief or sexual orientation is able to achieve high standards and that strategies are in place to tackle under-achievement. We will make sure that every pupil has access to the necessary teaching and support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining pupils and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school are from diverse groups. We believe that this provides good role models for our pupils.

We will involve pupils, staff, parents, carers, governors and communities in the development of our objectives. They will be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of our objectives. The aim is to ensure that we meet the needs of people: from all ethnic backgrounds and of all religions or beliefs; of all ages; of all genders and sexual orientations and of all abilities.
