Issue No.6

Holiday Special

Butlins Bognor Regis has opened its gates to holiday makers. After flooding disrupted the building work, guests pulled together to help Billy Butlin finish off fitting doors on some of the chalets. The ultra modern monorail just opened in Skegness,

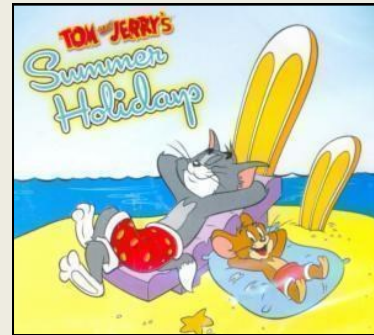

offering a bird's eye view of the resort while reaching the mighty speeds of 15mph. No wonder so many people say the sixties is going by in a blur! It has been an eventful decade for Billy, as he was knighted last year.

BLP Homework Activity Idea

Where are you going on holiday?

In 1965 most families stayed in this country for their holiday. Use these holiday posters from the time to inspire a poster to advertise the place where you are staying, or somewhere you will be visiting, this year.
