NEW SCHOOL FOR TRING!

GOLDFIELD SCHOOL OPENS MONDAY 27th APRIL 1965!

A new school opened its doors to pupils today as they entered their classrooms for the first time. The eldest girl cut the ribbon and the eldest boy unlocked the front door. The former Gravelly School moved to the new location on Christchurch Road from Gravelly Road in the town. There will be plenty

of space in this new modern building, built on a field of buttercups. The Headteacher's Log books, dating back to 1875, chart the history of the school and are available for parents and children to view in the library from today, pop in and take a look for a glimpse into the history of this school.

BLP Homework Activity Idea

Today's love of **button badges** dates back to the 1960s and early Seventies when they were used by students, hippies and musicians, often as a symbol of protest. John Lennon loved them and from then onwards the one inch button badge has always been seen as a cool thing to wear.

Design a button badge to celebrate the schools opening, consider the colourful 1960's style and familiar features of the school. You can use the template provided or any other materials, paper or card. Bring your designs into school to share and be included in a display.
