

# Goldfield Nursery Newsletter

## May 2018

**I can't believe we are heading into the last half term. Where has this year gone!**

### Next half term

Our theme running through next half term will be Summer/Water. When planning, we always consider the children's interests, ideas and needs. Check the notice board in the cloakroom each week to see how these themes are developing.

### Key Worker Groups

Key worker groups for this term are as followed:

Koala Bears – Mrs Salih (am)/Mrs Barr (pm)

Polar Bears – Miss Hammill

Panda Bears – Miss Doman (am)/Miss Doman & Mrs Salih (pm)

Please check the notice board for which group your child is in.

### Just a reminder

- Next half term will be very busy as we prepare for Open Evening, a great opportunity to celebrate your child's time in Nursery and look forward to the next stage in their education.
- Over the next few weeks the Nursery team will be organising the classes the children will be in when they enter Reception in September. There are many elements considered when making this decision and this year the children will also contribute to the process. Each child will be asked to give the names of five children they like to play and spend time with at Nursery. We will record their choices and include at least one of them in their new class.
- This half term the children have been busy in the Nursery Garden Centre planting vegetable seeds in preparation for opening the Garden Centre for parents to buy vegetable seedlings (more info to follow).

### Resources needed

- Hummus/dip pots with lids (used as bug pots)
- Petals from old bunches of flowers

### Dates for your diary

- 05.6.18 – One World day
- 14.06.18 – Van Cols taking class photos
- 14.06.18 – Nursery Garden Centre (parents to buy plants)
- 23.06.18 – Tring Carnival
- 05.07.18 – Sports day no pm Nursery session (come at 9.45)
- 11.07.18 – Open Evening (all welcome)
- 20.7.18 – End of term (10.30 am Nursery, 2.00pm pm Nursery)

**This half term the children had fun learning about how things grow and the lifecycle of frogs.**

**Here are a few examples of some of the activities the children took part in.**
