

Super

Our Safety Bubble

Class Charter

safe hands

Wash your hands regularly, especially after coughing or sneezing, going to the toilet, coming into the classroom from outside, crafting or touching something dirty and before eating food.

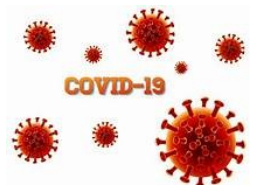

safe space

Make sure everyone has a safe bubble of personal space around them - don't get too close and burst their bubble!

be safe

..... listen to adults at school and at home, always think about others. Remember that if you keep yourself safe everyone stays safe
