

# NUMICON

DEVELOPING MATHEMATICS AT GOLDFIELD

## Join us for an evening of mathematics with Numicon! Numicon Parent Workshop

Last year your contributions to FROGS events helped us to purchase this mathematical resource for each of our classes. We put an extensive action plan in place to ensure it made an impact across the school supporting our children as they develop the problem solving and investigation skills that lead to outstanding progress in the understanding of mathematics.

This initial introduction, along with our commitment to supporting the children's ability to explore concepts independently with confidence, has led to a thirst for more training and instruction in the opportunities for teaching with Numicon. Our INSET Day on **Monday 4<sup>th</sup> January** will be devoted to learning more about the possibilities for this excellent resource.

As part of this year's 'Parent Partners' initiative, to provide additional information that will enable parents to support their children at home, the Numicon Trainers have agreed to provide a parent workshop on this day. This will be at **7.00pm** to give the opportunity for those parents who cannot get to day time events to also attend. Please complete the slip below if you are able to come along so that we can get an idea of the numbers for seating and equipment.

We are offering you the opportunity to order a small pupil resource bag of Numicon to use at home, which the FROGS have offered to subsidise making them more affordable for everyone. The Resource bag will cost **£5.00 (usual price £13.50)**

Please complete the slip below and return to the office by **18<sup>th</sup> December** if you are able to join us for the Numicon Workshop:

## Numicon Parent Workshop

I would like to attend the Numicon Parent Workshop **Monday 4<sup>th</sup> January 2016, at 7.00 – 8.00pm**

Signed .....

Child's Name..... Class.....

I would like to order a Numicon resource bag and enclose a cheque for £5.00 made payable to Goldfield Infants' and Nursery School (please tick box)
